RULES AND REGULATIONS :

WHAT IT IS:

EV NEXO MART™ © HydronE2VMobility Private Limited is an e-commerce platform built exclusively for EV parts, components, and accessories distributors.

Our mission is to accelerate EV adoption by making reliable components accessible and affordable across the country.

Key Objective:

To connect EV distributors, garages, and service professionals through a single online and offline ecosystem that promotes seamless trade, visibility, and growth.

HOW IT WORKS:

- Register and complete a 2-step verification process to activate your distributor profile.
- Upload product pictures, details, and descriptions on the platform.
- Choose appropriate categories (motors, batteries, controllers, etc.) for easy customer access.
- Once listed, customers can directly place orders through the platform.
- Our delivery partners pick up products directly from your warehouse and deliver them to the end customer.
- There are no upfront or hidden charges — only a small commission of 5–12%, lower than any other platform in the market.

● WHAT YOU WILL GET:

DIGITAL PRESENCE:

- Gain access to our growing sales network, both online and offline.
- Product listing on our e-commerce platform with SEO optimization for maximum reach.
- 24/7 support to help you manage and grow your online presence easily.

● WHAT YOU WILL GET:

SALES AND GROWTH ASSISTANCE:

- Dedicated sales and delivery support to help you reach EV garages, retrofitters, universities, and institutes across India.
- Regular tracking of product performance and recommendations for improvement.
- Insights on best-performing products and upcoming market trends to boost your revenue.

Our goal is to help you increase your sales and grow your business.

● **WHAT YOU WILL GET:**

PRODUCT AND INVENTORY CONTROL:

- Full cloud-based control over your inventory and order management.
- Predictive insights for upcoming order demands.
- Support for bulk orders and implementation of lean production practices to minimize waste and optimize efficiency.

● BENEFITS:

CUSTOMER RELATIONSHIP MANAGEMENT:

We have an exceptionally supportive and outstanding team that offers 14 hours of customer support every day, utilizing CRM software.

- Dedicated 14-hour customer support every day.
- Real-time feedback monitoring to evaluate product demand and customer satisfaction.
- Actionable insights to improve product quality and market positioning.

● **BENEFITS:**

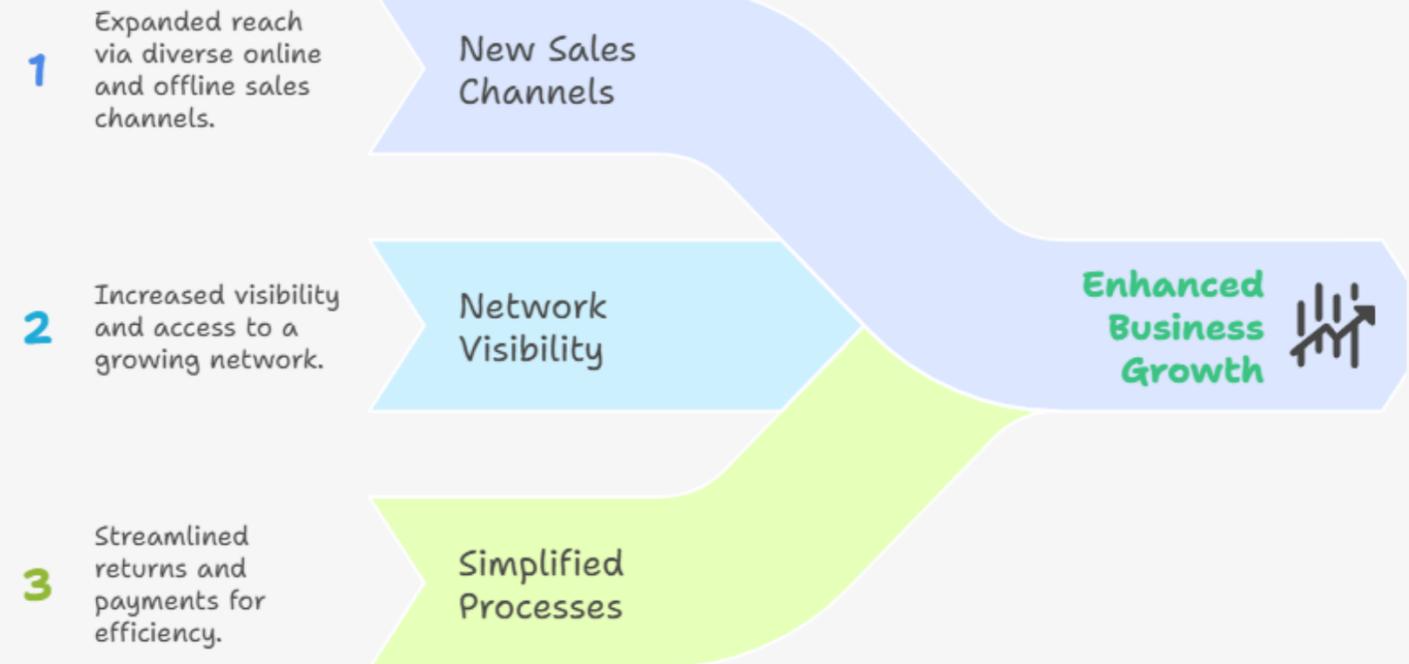

LOGISTICS AND WAREHOUSING:

- End-to-end logistics support through Shiprocket and Ekart.
- Integration with upcoming warehouse networks across key cities.
- Monthly pre-order estimates to help you plan production and delivery cycles efficiently.

OUR OFFERINGS CONSIST OF:

Strategic Partnership Advantages

CONCLUSION

FUTURE ASSISTANCE AND ADVANTAGES:

After 6 months, we'll provide sales support and cloud-based insights to help you track monthly order volumes and product performance. This will guide decisions on scaling, upgrading, or identifying areas where strategic pivots are needed. A detailed report with recommendations will be shared to support your business expansion across India.

In the future, we plan to allocate funds and make strategic industrial investments to boost production capacity and establish new facilities for continued growth and expansion.

FIRST 6 MONTHS

SALES SUPPORT

CLOUD SUPPORT

FINANCIAL SUPPORT

For the first six months, we'll provide 24/7 IT and CRM support, monitor your sales and reviews, assist with upgrades or issues, and manage product shipping via Shiprocket and Ekart.

You'll receive monthly pre-order insights with detailed analytics to forecast demand and optimize delivery planning. With support from our cloud and CRM teams, you can monitor product performance, sales volumes, and evaluate the impact of strategic pivots for better growth decisions.

● **FUTURE ASSISTANCE AND ADVANTAGES:**

- First 6 Months: 24/7 IT and CRM support, continuous performance monitoring, and shipping management.
- After 6 Months: Cloud-based analytics and sales insights to track growth and optimize performance.
- Financial Support: Assistance for expansion through private or public investment channels.

FUTURE ASSISTANCE AND ADVANTAGES:

Vendor Agreement Terms

Product Standards

Products must meet BIS, AIS, EV safety, and environmental regulations.

Pricing & Commission

Vendors set prices; Hydron E2V Mobility charges a 5–12% commission.

Payments & Invoices

Payments released within 10 working days after order completion.

Delivery & Penalties

A 2% per week delay penalty (max 10%) may apply, and orders may be cancelled if delayed beyond the acceptable period.

Intellectual Property

Company data, designs, and brand materials remain its property.

Confidentiality

Vendors must maintain complete confidentiality of shared information.

RULES AND REGULATIONS:

Warranties

All products must be free from defects, fit for intended use, and compliant with regulations. A minimum 12-month warranty applies unless otherwise agreed.

Termination & Legal

Company may terminate with 30 days' notice for breaches.

Liability & Indemnity

Vendors shall indemnify Hydron E2V Mobility against claims or losses due to product defects, safety issues, or IP violations. Company's liability is limited to the order value.

General Terms

Transparent and simple collaboration process.

No upfront or hidden charges.

Non-exclusive vendor partnerships allowed.

Any changes must be mutually agreed in writing.

Made with 

RULES AND REGULATIONS:

Commission Structure

Commission starts at 5% for the first 6 months, then increases to 8–12% based on performance.

Payment Settlement

Payments are settled within 8–10 days after successful product delivery.

Operational Guidelines

Ensure timely handover of products to the delivery partner.

Defective Items

Provide a replacement for defective items within 7 days of return.
